

Important Information for Dance competitors

Playing your music:

- All competitors are responsible for providing a supporter to play their music.
- The CD player and amplifier are provided by the Empire Theatre, and so will play the recording through the Theatre's sound system. It is simple to use.
- The player is situated in the auditorium in about row 5. This is so that the person pushing the button can see the stage clearly and know when to begin the recording and when to stop it.
- Your music needs to be on a CD OR a device with an earphone jack.
- It is advisable to have the recording on two different mediums (e.g. phone & CD) in case one of them fails.
